SELECTING A MEMORIAL

With over a century of experience helping customers achieve peace of mind in their decisions, we'd like to share the four most important things to remember when selecting a memorial:

We also invite you to visit our web site for additional guidance and photographs of our memorials and monuments. Below are just a few of our designs:

Balance

This process can wait, so do not feel rushed to make a decision. For a clear mind, take plenty of time to let stress, grief, and emotion settle before getting started.

At Sheffield Monuments, our first step is to sit down with you for a brief interview to hear your concerns, answer your questions, and present the options.

Our goal is to empower you to make an informed decision regarding styles, materials, designs, and costs. Always know that we are here to assist you in any way we can.

A monument is an everlasting investment but needs not be costly. Be mindful of your budget when weighing your wishes, and focus on quality over quantity. Ask yourself, "What is most important in honoring my loved one?"

A LETTER FROM OUR FAMILY

Sheffield Monuments may be the oldest business in the Chagrin Falls area, but my family still works tirelessly each new day to serve our customers and community. My husband Rick, son Brian, and I, in addition to our small staff of craftsman and installers, enjoy what we do, and that makes all the difference.

While our commitment to quality remains unchanged since our founding in 1876, our state-of-the-art facilities are modern and efficient, giving our talented craftsman the tools and technology to deliver unique requests, personalized designs, and breathtaking creations. Yet, we understand each successful installation begins with you, our customer: only by balancing your wishes, needs, and budget can we ensure peace of mind in your decision.
